General European Championships Rules and Regulations

7. Point calculation to become European champion is as follows. In every class the first eight entries receive points. 8 points for the highest placed entry down to 1 point for the eighth placed entry. The points earned in a class are tabulated for all four shows. The entry who has earned the highest number of points in the class will be named European champion. All ties will be broken by a tie-breaking judge (predetermined by show management).
8. During this year's European Championships doping tests are executed according to the rules of the trot racing. Thus all forbidden substances can be proved. The owner agrees with the signature under denomination that he will compensate for all expenses of these doping tests (ca. € 1.000,-) in case of positive findings.
9. Horses participating do need a Passport with all vaccination written down.
10. All horses need to have a liability insurance. Horses from other European countries than Germany also need EU certified health papers.
11. According to the German law (§18 paragraph 1, to No. 8.) clipping or palpation of hairs around the chin and nostrils and inside the ears is forbidden and will be prosecuted. Owners of clipped horses arriving at the European Championship show are not allowed to participate in the show. At the European Championships in Aachen the German animal protection law is applied and thus fully recognized and accepted by the participants. Infringement will lead to disqualification from participation.
12. Participants who withdraw entries receive no payback of the entry fees. On presentation of a veterinary certificate in case of illness or injury of the horse before start of the show, the organizer may, on application, return 50% of the entry fee. The Office charge will in principle not be returned. Stable rent only can be returned if the reserved box can be let to somebody else right away.
13. The riders/exhibitors are held responsible for damages, which their horses cause to third parties or to facilities of the organizer. Consequently every liability of the organizer for spectators, exhibitors and horses, as well as material and equipment is excluded. The participation is at one's own risk. Between the organizer on one hand and the visitors on the other hand there exists no contract ratio.
14. Each participating country provides for the grand opening a country flag attached to a pole.
